

Osnuvo™ Patient Authorization and Consent

The Osnuvo™ Patient Care Program (the “Program”) is a program sponsored by Avir Pharma Inc. (the “Program Sponsor”) for patient assistance and reimbursement support for the product OSNUVO™. Eligible patients who are enrolled in the Program are offered the opportunity to receive educational materials on the management of their condition and help in investigating reimbursement or eligibility for other financial assistance options. The Program offers these benefits at no cost to enrolled patients. The Program is currently administered by STI Technologies Limited (the “Service Provider”).

Coverage eligibility for medications such as OSNUVO™ from your Group Health Drug Plan, Private Medical Insurance or Provincial Formulary Exemption options may be highly conditional and difficult to access. Depending upon how you present your case for drug claim eligibility with various payer options, you may or may not qualify for benefit eligibility — simply on the basis of a poor interpretation, misunderstanding, or an incomplete pre-authorization submission. Do not take the chance of having your claim denied and missing out on benefits to which you are entitled. The Service Provider can work on your behalf to maximize your chances of getting full medical support coverage for medications and other benefits that are important to the successful management of your condition.

Your personal information provided to the Program, during this initial enrolment and/or during any follow up, through telephone calls or otherwise (the “Information”), may be collected, used, disclosed and stored by the Service Provider of the Program on behalf of the Program Sponsor for the purposes of: (1) enrolling you into the Program and monitoring your eligibility for the Program; (2) administering the Program; (3) investigating insurance coverage or eligibility for coverage and/or other financial assistance options with respect to OSNUVO™; and (4) verifying the accuracy and completeness of such Information (the “Purpose”).

In determining your eligibility, you acknowledge that the Service Provider may need to request proof of family income as per applicable provincial or Program Sponsor criteria.

By applying for or enrolling in the Program you hereby consent to the Service Provider collecting and using for the Purpose, Information from your prescribing physician, insurance company, pharmacist, caregivers and other healthcare providers (the “Sources”) and disclosing any Information to Sources and any third-party service providers as the Service Provider considers necessary for the Purpose. You also hereby consent to, authorize and direct each of the Sources to disclose Information to the Service Provider for the Purpose.

Further, the Program Sponsor, and its applicable third party service providers, will receive your personal information in the case of an adverse drug event or as otherwise required by law, as the Program Sponsor, the manufacturer of OSNUVO™, must report to health authorities. Aggregate data containing no personal identifying information may also be provided to the Program Sponsor at any time.

In addition to the above, you understand, accept, and agree that the Information may be used or disclosed to any party to the extent such disclosure is required by applicable law, regulation or court order.

Your Information will be retained only for as long as is needed to fulfill the Purposes for which it was collected and in order to comply with applicable laws. Industry standard safeguards will be used to protect the security of the Information that is collected.

You may obtain a copy of this OSNUVO™ Patient Authorization and Consent by submitting a written request to the Service Provider at osnuvoavir@iqvia.com. For more information about the Service Provider's policies and practices regarding personal information please see: [Privacy Policy](#). For more information about the Program Sponsor's policies and practices regarding personal information and its service providers, please review the Terms of Use and/or submit a written request to Program Sponsor at contact@avirpharma.com.

This consent, authorization and direction is valid for as long as you receive OSNUVO™ treatment and for a reasonable time period thereafter or until you revoke your consent. You can revoke your consent at any time by contacting the Service Provider by written request at the address mentioned above. You understand that if you revoke this consent, authorization and direction, you will no longer receive services from the Program.

You also understand that:

- Program personnel may contact you at the addresses and number(s) that you have provided, and leave messages for you regarding your personal information (including health information) or any other information required for the administration of the Program;
- Any calls to or from the Service Provider in the course of its administration of the Program may be monitored or recorded for control of quality and for training purposes;
- Only personnel authorized by the Service Provider and/or the Sources will have access to the file containing your Information in the Service Provider's possession;
- The file containing your Information will be kept at STI Technologies Limited (38 Solutions Drive, Suite 200, Halifax, NS B3S 0H1) and you, subject to applicable legislation, will have the right to access such file and rectify any errors concerning the Information contained in same;
- In order to manage the Program, your Information may be stored and processed outside of Canada. Once your Information is transferred outside of Canada, your Information will be subject to the laws of that country where it is stored. That country may have laws that require that your Information be disclosed to the government under different circumstances than would Canada. In the event that STI Technologies Limited ceases to be the Service Provider, the Program Sponsor may appoint a replacement Service Provider to administer the Program, and you agree that your Information may be transferred to and used by the replacement Service Provider for the same Purpose.
- Your consent, authorization and direction are further subject to the Terms of Use of the Program, as amended, and the Service Provider's [Privacy Policy](#), and you have reviewed and understand same.

If you are a parent or legal guardian of an applicant patient who has not attained the age of majority in his or her province of residence, you confirm that you have the legal right to give consent and provide the required information on behalf of the minor.
